ALL LANDSCAPE DATA, INC.

COMPANIE PROFILE AND SERVICES

Firm Description

All Landscape Data Inc. (ALD) is a Miami area based landscape architectural design firm dedicated to produce creative and quality landscape design, detailed design and landscape planning. We see each project as a chance to create something unique, something that belongs specifically to that project.

Having worked on varied types of projects, (ALD) knows the importance of collaborating in the design process and understands the ideas given by the client, the architects, and all consultants involved in the project.

With highly experienced staff (ALD) has the range of skills needed to produce powerful, adventurous and realistic landscape designs that successfully fulfil the client's desires.

Professional Services

All Landscape Data Inc. (ALD) provides a full scope of landscape architectural services which includes:

- **Conceptual Design:**

Including city ordinance, code compliance, Design Board Packages, Illustrative Site Plan, Plant Material and Site Elements Boards.

- **Construction Documentation:**

Coordination of consultants, computer aided drafting, detailing and specifications.

- **Irrigation Design:**

Irrigation system design for aesthetic and functional landscapes.

- **Coordination of the bidding process.**

- **Construction site observation.**

- **Three-dimensional renderings and computer-aided modeling.**
